Brian,

I produced the record in the form it is kept by the City and the document speaks for itself. Fortunately you already had a copy of another version, from a public records request. As previously noted, it is my understanding that the search terms in the narrative are not picked up in the searches run in producing RMS reports in this case; reports concerning Plaintiff only came up if he was listed as a suspect or victim. We will continue to supplement discovery responses if/when we find any responsive documents (although this document was not specifically sought in discovery).

Thanks,

Tim Puin

Tim: What's going on with the phone numbers for the subjects in this report? They are included on Ex. 1024 but not on the version you gave me.
